Since its establishment at Auburn in 1878, the Greek community has instilled values of academic excellence, philanthropy and servant leadership in thousands of sorority women and fraternity men. Today, more than 9,000 students — more than 37% of the undergraduate student body — belong to one of Auburn’s Greek organizations. This report provides an overview of each council and highlights key data for each chapter.

**SPRING 2022 AT A GLANCE**

**THE PANHELLENIC COUNCIL RAISED** $142,105 for the Auburn-Opelika Habitat for Humanity through their annual Greek Sing event held in April.

**THE INTERFRATERNITY COUNCIL RAISED** $5,000 for the Hudson Family Foundation through the inaugural Batting Practice with Butch Thompson event in February.

**THE NATIONAL PAN-HELLENIC COUNCIL WELCOMED** Sigma Gamma Rho Sorority Inc. back to the council in April.

**CONSTRUCTION BEGAN** on the National Pan-Hellenic Council Legacy Plaza, a monument celebrating the history, legacy and cultural impact of Black Greek organizations at Auburn.

**FOR THE FOURTH TIME IN FIVE YEARS,** the Auburn Panhellenic Council received the National Panhellenic Conference, or NPC, College Panhellenic Excellence Award. Auburn Panhellenic is one of only seven councils to receive the honor.

**DENSON CLARK,** 2021 Auburn Interfraternity Council President, was awarded an Undergraduate Award of Distinction from the North American Interfraternity Conference. Clark is one of 12 recipients of this year’s award, which seeks to recognize fraternity men who have found in their experience an outlet for developing as both a leader and a better man.

UNDERSTANDING THE DATA

This report is patterned after the National Fraternity and Sorority Scorecard. Created by the Timothy J. Piazza Center for Fraternity and Sorority Research and Reform, the scorecard aggregates data across member institutions to give a clearer picture of how councils and chapters perform on key indicators. Additionally, the scorecard provides institutions and organizations with the information needed to benchmark local chapters against the national landscape. As a participating member of the National Fraternity and Sorority Scorecard, Auburn updates this report twice annually and it is published in the following spring and fall semesters.

Membership
Membership rosters are submitted by each chapter to Greek Life every semester. The rosters are verified to be Auburn University students.

Academics
All academic information is calculated by the Auburn University Office of Institutional Research using membership rosters provided by the chapters.

For organizations with two or fewer new members, the reported new member grade point average matches the chapter grade point average to ensure confidentiality in the community regarding student grades. The individual chapter receives the comprehensive grade reports.

Conduct
If a chapter is found responsible for violating university policies, a check mark appears under the type of violation — alcohol, hazing or other. The check mark indicates the organization has been found responsible for violations through the Code of Student Conduct or the Interfraternity Council judicial process. Please note, this report lists organizational misconduct and not individual misconduct.

Definitions for types of violations are as follows:
- Alcohol: Any violation that includes the misuse or distribution of alcohol
- Hazing: Any violation as defined by the Auburn University Hazing Policy
- Other: Any other violations including trespassing, fire/life safety, etc.

Fraternities and sororities suspended from Auburn during the reported semester will appear in this report but will be listed with an asterisk to indicate that they are no longer in good standing with the university. All fraternities and sororities must comply with all requirements of the Greek Life Expansion Policy and any governing council policies to return to campus. Organizations are not guaranteed automatic approval to return after a suspension.

Service and Philanthropy
Philanthropic dollars and service hours are self-reported by each chapter. The data reported corresponds with data provided to organization headquarters.

Not all organizations submitted complete information, and this is indicated in the report as follows:
- Dash ( - ) indicates no information was submitted.
- Zero (0) indicates that the number zero was submitted.
